Enrique, I checked in with Su Patel at DTSC. She did call me Friday but didn't leave a message b/c it was after 5.

She has been in contact with Steve Kemp at EPA Region 7 to learn more about the Region's clean-up efforts with the Omaha Lead SFD site. See news release below. DTSC would like to know *if Steve can present on the clean-up efforts at either this Thursday's session or at the next official CAG meeting on the 20<sup>th</sup>*. I told her it was unlikely he'd be able to do it this Thursday b/c of the short notice and that he'd likely need to get approvals from his own folks as well. I went ahead and gave Steve a call (DTSC has already been reaching out to him) and let him know of the request.

Any advice for me? Can I let Steve know that our senior managers here would appreciate his participation?
